19th May 2025

Dear Parents and Carers,

We are excited to launch a fun and hands-on competition at school:-

"Grow a Sunflower as Tall as You Can!"

To celebrate World Bee Day (May 20th), we are encouraging our students to grow sunflowers — not just for fun, but to help our pollinator friends too!

Sunflowers are loved by bees and are a great way for children to learn about the important role bees play in our environment.

What You Need to Know:

- Each child will receive one sunflower seed.
- You will need to plant it in a sunny spot (in a garden, yard, or even a windowsill).
- Encourage your child to water it regularly and keep track of how it grows.

There will be a prize for effort and creativity at the end of term.

We hope this will be a fun way to connect with nature, support bees, and grow something beautiful together!

Happy planting, and thank you for your support!

Please send in photos of your sunflower's progress to our Facebook page!

Kind regards,
Bishop Wilson C of E Primary
